## HOW TO USE THE BIY.HEAR BOARD

### 1. POWER UP YOUR BOARD

Connect the golden usb cable to the micro usb port.

### 2. WAIT FOR THE BOARD TO START HEARING

The board will boot up its Numerological Language Processing algorithms to interpret the words it hears into tailored generated \ prophecies, trained by Indian Shamans.

### 3. TOUCH THE BELL AND SAY A WORD

The bell is the main switch for the board to start listening, it doesn't always listen!

### 4. WAIT FOR THE BELL

The on-board bell will ring once when it's processing your destiny and three times after it finishes its process.

### 5. HEAR PROPHECIES FOR EVERYONE AND EVERYTHING

The board's built-in speaker will read out your prophecy and destiny out loud. The board can generate destiny not only for you, but also for your friends humans and non.

#### BUILD A DESTINY PRINTER

### 1. GATHER ALL THE COMPONENTS YOU WILL NEED

Printer Kit (not included), Alligator Clips, Cardboard.

### 2. CONNECT TO YOUR BIY BOARD TO THE PRINTER

Use the Clips inside the kit to connect the STR Output to the STR Input Port of your Printer Kit.

### 3. USE THE PRINTER IN AUTONOMOUS MODE

The Printer can print your destiny every day or can also pick up words and names from the context.

### 4. GET YOUR PRINTED PROPHECY TO SHARE

Get and collect your printed prophecy or experiment with new designs.

### 5. PUT YOUR PRINTER AT HOME OR ANYWHERE YOU WANT

The possibilities are endless, customize the printer or place it where you want to print destiny for anyone.
